SIGN FLAGS	PILOT VEHICLE
TRAVEL ROUTE	WORK VEHICLE (WIDE LOAD)

**DRAWING SPECIFIC NOTES**  
• All traffic control shall conform to the TCM and the latest catalogue for Standard Traffic Signs  
• Traffic Control Vehicles will close Sections of the Route one at a time and "leap frog" to the next;  
• TCPs to allow Local Traffic Only into/out of residences ahead of closure;  
• Radio Communication between all vehicles and TCPs will be maintained at all times.

**GENERAL NOTES**  
• All traffic control shall conform to the TCM and the latest catalogue for Standard Traffic Signs  
• Signs shown are representations of signs only and the MOTI Construction Sign Catalogue should be used for detailed sign design  
• Dimensions shown are in meters and are the minimums except as otherwise indicated  
• All permanent signage that will conflict with this sign will be covered or removed while the works are in effect  
• Active Work Zones and Hazards shall be delineated to protect workers and the travelling public  
• Maximum distance between cone/delineator/barrel should be 10m  
• Tubular markers and signs will be double braced and well secured during windy conditions  
• Distances may be adjusted due to urban block length  
• These pages are best printed on a Tabloid (11x17) page size
