Project Activity Site Development	
Nature of Work Bridge Inspections	
Traffic Control Description Right Lane Closure , Short Duration Stoppages	
Expected Work Date: Monday, April 15	Time 7AM - 7PM M-F / Sat 8AM - 5PM

**Traffic Control Notes**

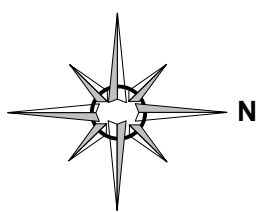

- \* Traffic Control layout and distances based on the Traffic Management Manual for Work on Roadways - 2020
- \* BC Motor Vehicle Act (MVA).
- \* Contractor & TCS must ensure TCP's are in compliance with section 18 of the WSBC Regulations.
- \* Signs Distances and Tapers may have been modified for block length and driveway access noted on TMP.
- \* Sign distances adjusted as per Sec 4.2.8 of the TMM.
- \* Dimensions shown are in meters and are the minimums except as otherwise indicated.
- \* All existing permanent conflicting signage will be covered/removed while the works are in effect.
- \* Active Work Zone and Hazards shall be delineated to protect workers and the travelling public.
- \* During Non-Construction hours, the roadway shall be restored to original configuration, unless noted on TMP.

Project Activity Site Development	
Nature of Work Bridge Inspections	
Traffic Control Description Right Lane Closure , Short Duration Stoppages	
Expected Work Date: Monday, April 15	Time 7AM - 7PM M-F / Sat 8AM - 5PM

**Traffic Control Notes**

- \* Traffic Control layout and distances based on the Traffic Management Manual for Work on Roadways - 2020
- \* BC Motor Vehicle Act (MVA).
- \* Contractor & TCS must ensure TCP's are in compliance with section 18 of the WSBC Regulations.
- \* Signs Distances and Tapers may have been modified for block length and driveway access noted on TMP.
- \* Sign distances adjusted as per Sec 4.2.8 of the TMM.
- \* Dimensions shown are in meters and are the minimums except as otherwise indicated.
- \* All existing permanent conflicting signage will be covered/removed while the works are in effect.
- \* Active Work Zone and Hazards shall be delineated to protect workers and the travelling public.
- \* During Non-Construction hours, the roadway shall be restored to original configuration, unless noted on TMP.
