- GENERAL NOTES**
- All traffic control shall conform to the MOTI Traffic Management Manual for Work on Roadways 2015
 - Signs shown are representations only and the MOTI Catalogue of Standard Traffic Signs should be used for detailed sign design
 - Dimensions shown are in meters and are the minimums except as otherwise indicated
 - All permanent signage that will conflict with this site will be covered or removed while the works are in effect
 - Active Work Zones and Hazards shall be delineated to protect workers and the travelling public
 - Maximum distance between cones/delineator/barrel should be 10m
 - Tubular markers and signs will be double based and well secured during windy conditions
 - Distances may be adjusted due to urban block length
 - These pages are best printed on a Tabloid (11x17) page size
