- GENERAL NOTES**
- All traffic control shall conform to the MOTI Traffic Management Manual for Work on Roadways 2015
  - Signs shown are representations only and the MOTI Catalogue of Standard Traffic Signs should be used for detailed sign design
  - Dimensions shown are in meters and are the minimums except as otherwise indicated
  - All permanent signage that will conflict with this site will be covered or removed while the works are in effect
  - Active Work Zones and Hazards shall be delineated to protect workers and the travelling public
  - Maximum distance between cone/barricade/barrel should be 10m
  - Tubular markers and signs will be double based and will be secured during windy conditions
  - Distances may be adjusted due to urban block length
  - These pages are best printed on a Tabloid (11x17) page size
