Figure 7.8.2 in the TMM
- Event will take place on Oct 24th, 2026
- The event will operate from 9:00 AM - 3:00 PM
- Traffic control will setup a speed reduction to 30km as well as signage for Single Lane Alternating Traffic, on the off chance the event backs up on to Luckakuck Way.
- TCP #1 will stand at merge point and make sure vehicles alternate when merging into one lane.
- TCP #2 will direct vehicles into the two lanes – alternate each lane for each vehicle at entrance.
- TCP #3 provide relief, and assist TCP #2 with directing traffic on Luckakuck Way when needed.
- Traffic Control will be positioned to ensure a clear line of sight for oncoming traffic when on the road.
- Traffic Control layout and distances based on the Traffic Management Manual for Work on Roadways - 2020
- Contractor must ensure TCP's are in compliance with section 18 of the OHS Regulations.
- Speed limit is 60 km/h
- Signs spaced at 60M

City to install delineators down the center for the two lanes.

City will supply this sign and install
