

August 14, 2015

## NOTICE OF CONSTRUCTION

Dear Resident,

Martens Asphalt is scheduled to complete top lift paving on Young Road between Cartmell Road and Hope River Road the week of August 17, 2015 with line painting being completed on August 25<sup>th</sup>, 2015. Marten's crews will continue with driveway and landscape restoration works over the next few weeks to ensure the landscaping and driveway grades meet the design profiles. However, due to the dry weather, our crews will demobilize from the site until mid-September when the weather is more favorable for seeding. Final topsoil and seeding will be completed mid to late September as weather permits.

BC Hydro, Telus and Shaw will continue with their poles and overhead power lines relocations over the next few months.

During the construction process, our construction team will have active construction equipment and vehicles moving throughout the site. Traffic Control Persons will be onsite whenever the construction will impact the travelling public, and we ask that the public use extra caution when travelling through the work zone.

We would like to thank you for your continued cooperation throughout the project. Should you have any questions or concerns, please feel free to contact our Communications Coordinator, Dee Daya, at (604) 985-0611.

If you wish to speak with a City representative, the City of Chilliwack contact for this project is Frank Van Nynatten, who can be contacted through the City of Chilliwack Engineering Department at (604) 793-2907. Project information is also available on the City's website at [www.chilliwack.com/youngroaddyke](http://www.chilliwack.com/youngroaddyke).

Sincerely,

Jesse Percy, ASCT, PMP  
Project Manager  
Martens Asphalt Ltd.
